Origination

KeyBridge reduces the time to locate required documents by 93% or more. Capture paper, e-mail, fax, PDF, XML, WORD and SMART documents.

Underwriting

Documents are stored in 'virtual' folder providing underwriter all the necessary information for quicker, more accurate decisions.

Post-Close Audit

Reduces post-closing time by 50%. Checklists and the business rules engine ensure accuracy and compliance.

Electronic Delivery

Automatically outputs loan files in proper stack order and the correct electronic file format. Clients have realized a \$100,000 reduction in annual shipping costs alone.
